Introduction of the Hong Kong Games

To further promote "Sport for All" cultures in the community, the Sports Commission decided that the Hong Kong Games (HKG) be held biennially from 2007 onwards. The 2nd HKG were held smoothly between 9 - 31 May 2009 and a total of 2 307 athletes from 18 District Councils participated in six sports competitions, namely athletics, badminton, basketball, swimming, table tennis and tennis. Various HKG-related activities were well-received and they attracted more than 160 000 participants.

The 2nd HKG were organised and co-ordinated by the Sports Commission and the Community Sports Committee respectively while the 18 District Councils (DCs), the Sports Federation & Olympic Committee of Hong Kong, China, relevant National Sports Associations and the Leisure and Cultural Services Department (LCSD) were the co-organisers. The HKG are the territory-wide major multi-sport event in Hong Kong with the 18 District Councils as the participating units. The objectives of the HKG are to provide districts with more opportunities for sports participation, exchanges and co-operation, and to encourage members of the public to actively participate in sports, thereby further promoting the culture of "Sport for All" at the community level. The HKG also aim to strengthen the public's sense of belonging to the district they live in and at the same time facilitate communication and promote friendship among the 18 districts. Furthermore, the HKG can also foster closer partnership among all stakeholders who promote sports at the community level so as to enhance community cohesion.

There were "Overall Champion, 1st runner-up and 2nd runner-up" prizes for each of the six sports competitions mentioned above and the district accumulating the highest total points from all the 6 sports competitions was awarded the prize for the "Overall Champion of the 2nd Hong Kong Games".

To enable the whole community to learn more about the 2nd HKG and encourage them to support and participate in the Games, the Organiser launched a series of programmes for public participation, including a large-scale opening ceremony and a grand closing cum prize presentation ceremony, "Elite Athletes' Demonstration and Exchange", "Cheering Team Competition for the 18 Districts", Voting for "My Favourite Sporty District" and Guess the "Overall Champion of the 2nd Hong Kong Games" etc. Furthermore, the Organiser introduced the "Dynamic Moments Photo Contest" in the 2nd HKG so as to enable more members of the public to participate in the HKG in different ways. Meanwhile, an award named "District with the Greatest Participation in the 2nd Hong Kong Games" was also added to encourage each district to send more athletes to participate in the HKG and to enlist support from local dignitaries.

Mr TSANG Tak-sing showed his support for the athletes participating in the swimming competition

The Opening Ceremony of the 2nd Hong Kong Games (HKG) held at Tseung Kwan O Sports Ground on 9 May kicked off the final rounds of fierce competitions among the 18 districts. The athletes from various districts took on each other in the six sports competitions. The finals for one of the sports, swimming, were held at

Kowloon Park Swimming Pool in Tsim Sha Tsui at the weekend of 16 and 17 May. While it was not at all surprising that the competition was intense and exciting, the event came to a climax when Mr TSANG Tak-sing, the Secretary for Home Affairs, visited the pool on the first day of the swimming competition to show his support for the athletes from various districts and enhanced the competition atmosphere.

The 18 districts fielded a total of 427 athletes to take part in the swimming competition on the two consecutive days. They competed in the men's division and the women's division and the events included freestyle, breaststroke, backstroke, butterfly, individual medley, freestyle relay and medley relay with the

distances ranging from 50 metres to 200 metres.

For the men's division, Southern District gave an outstanding performance by winning the championship in 8 out of 15 events. For the women's division, Eastern District was crowned champion in 5 events, closely followed by Sha Tin District which was the champion of 4 events and then followed by Sai Kung District and Kowloon City District which won 3 events each.

In the afternoon of 16 May, Mr TSANG Tak-sing, the Secretary for Home Affairs, went to Kowloon Park Swimming Pool to cheer on the athletes from various districts. Accompanied by Mr CHAU How-chen, the Chairman of the 2nd HKG Organising Committee, and Miss Olivia CHAN Yeuk-oi, the Assistant Director of Leisure and Cultural Services (Leisure Services), Mr TSANG chatted with some of the athletes and encouraged everyone to do their best in order to win honour for the districts they represent.

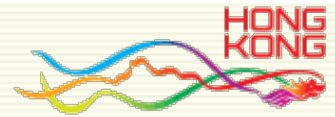

Mr TSANG Tak-sing also expressed his thanks to the District Councils for fully supporting the Games by fielding athletes of high calibre to participate in various competitions of the 2nd HKG. He said that districts' active participation and support had helped create a strong sports atmosphere at the community level leading up to the 5th East Asian Games to be held in Hong Kong in December this year.

The 2nd Hong Kong Games

Press Release

The 2nd Hong Kong Games to be held in May (with photos)

The Secretary for Home Affairs, Mr Tsang Tak-sing, said today (February 28) that the 2nd Hong Kong Games (HKG), a territory-wide major multi-sport event in Hong Kong to be held in May, would serve as a prelude to the 2009 East Asian Games (EAG) scheduled for December. He said the HKG would enhance the interest of the public in sports and would create an enthusiastic atmosphere for the EAG in the community. Furthermore, to get well prepared, some of the finals of the Hong Kong Games will be held at the venues to be used for the EAG to test their efficacy.

Officiating at the launching ceremony of the 2nd Hong Kong Games at the Kowloon Park Arcade in Tsim Sha Tsui, Mr Tsang said that the 2nd HKG, to be held between May 9 and 31, would provide athletes of 18 districts with more opportunities for sports participation and exchanges and in turn building up friendship and communication. The HKG would also encourage members of the public to actively participate in sports and strengthen community cohesiveness.

The HKG is a biennial event. In the 1st HKG held between April and May in 2007, over 1,200 athletes participated in four sports competitions, namely athletics, badminton, basketball and table tennis. More than 100,000 members of the public took part in various related activities.

Mr Tsang called on members of the public to support and take part in activities of the two games so as to promote the sports development in Hong Kong.

Another officiating guest at the launching ceremony, the Chairman of the 2nd HKG Organising Committee, Mr Chau How-chen, said in addition to the four competitions – athletics, badminton, basketball and table tennis in the 1st HKG, swimming and tennis were added this year, bringing the total number of competitions to six. This year, some 2,000 athletes from the 18 districts would take part in the competition, representing a 50 per cent increase over the 1st HKG.

The 2nd HKG opening ceremony would be held on May 9 at the soon-to-be-completed Tseung Kwan O Sports Ground. In addition to a solemn flag-raising ceremony, lighting of the torch and the march-in of athletes in row, a grand performance of "Cheering Team Competition for the 18 Districts" would be staged.

The closing ceremony will be held at the Kowloon Park Sports Centre on May 31 when awards for individual sport competitions, public participation activities and the "Overall Champion" will be presented.

Mr Chau said the organising committee would incorporate East Asian Games elements in various competitions and activities of the HKG so as to help promote the EAG.

As the participating unit for the HKG, the 18 District Councils had conducted open selection exercise to select athletes to compete in the Games for their respective districts. The representatives from the 18 District Councils have pledged their districts' full engagement in the Games for excellence at today's launching ceremony.

There will be overall champion, first runner-up and second runner-up prizes for each of the six sports competitions. The district accumulating the highest points total from all the six sports competitions will be the Overall Champion of the 2nd Hong Kong Games.

The organising committee has introduced the "Dynamic Moments Photo Contest" to enable more people to participate in the Games in different ways. An award named "District with the Greatest Participation in the 2nd Hong Kong Games" has also been added.

To enable the whole community to learn more about the Games and encourage them to support and participate, the organising committee will launch a series of programmes for public participation, including a large-scale opening ceremony and a grand closing and prize presentation ceremony, the "Elite Athletes' Demonstration and Exchange", the "Cheering Team Competition for the 18 Districts", voting for "My Favourite Sporty District" and making a Guess at the "Overall Champion of the 2nd Hong Kong Games".

To enhance the ambience in the community, the organising committee has produced banners, posters, lamp-posts bunting to dress up the city. A dedicated webpage <<http://www.lcsd.gov.hk/specials/hkg/en/index.php>> was launched and videos of HKG will be broadcast at LCS D venues and inside buses and trains.

Also officiating at the launching ceremony were the President of the Sports Federation and Olympic Committee of Hong Kong, China, Mr Timothy Fok; and Director of Leisure and Cultural Services, Mr Thomas Chow. Other guests included representatives of the 18 districts, NSA and elite athletes.

If 2 or more districts accumulated the same points from all the sports competitions, the one that holds more first places will win; and if they hold the same number of first places, the one holding more second places will win. The same method applies until the overall positions are determined. If all the results are the same, the districts involved will be awarded the same position and presented with the same prize.

Winners of individual events will be selected by districts to form teams to compete in team events.

(iv) Table Tennis Competition

A table tennis selection contest should be held at each district to select those who meet the eligibility requirements for the HKG and have outstanding performances as the representatives of the respective districts in the competitions. The applicants should submit their enrolment forms to their districts by the enrolment deadline specified by the respective district together with the recognised proof of results obtained in the following competitions:

1. Top 4 winners of the District Table Tennis Competition in 2008/09 organised by the LCSD;
2. 4 Ranking Players of the Hong Kong Table Tennis Association (the 4 highest-ranking applicants/teams among those who have submitted applications to the respective district; and for doubles events, the ranking is determined by the two players' total positions on the Ranking List. All rankings shall follow those on the latest Ranking List as at the enrolment deadline for the selection contest at the respective district);
3. Members of the Hong Kong table tennis team who participated in the Table Tennis Competition of 2007 Summer Universiade;
4. Top 8 winners of All Hong Kong Schools Jing Ying Table Tennis Tournament 2007-2008.

- Individual events : Men's singles, women's singles, men's doubles, women's doubles and mixed doubles
- Quota : 16 players/teams for each event (4 players/teams from the winners/ winning teams of the District Table Tennis Competition organised by the LCSD and 4 Ranking Players/Teams of the Hong Kong Table Tennis Association while the remaining 8 players/teams are selected from those meeting the above recognised eligibility requirements). If the number of applicants meeting the requirements exceeds the quota, the respective district may increase the quota.

Winners of individual events will be selected by districts to form teams to compete in team events.

(v) Tennis Competition

Selection of athletes as representatives of their own districts in the competition will be made through the District Tennis Competition organised by the LCSD. The athletes who have achieved the best results in each division and met the eligibility requirements for the HKG will be picked. If the number of the age groups is more than one for any event, the best 2 players/teams from each age group meeting the eligibility requirements for the HKG will compete in another round of matches and the final winner will represent the district in the competition. Winners of individual events will be selected by districts to form teams to compete in team events.

For the above 5 sports competitions events (namely athletics, swimming, badminton, table tennis and tennis competitions), if districts fail to select through the selection methods above any athletes meeting the eligibility requirements for the HKG as their representatives in the competitions, a contest open to all those meeting the eligibility requirements for the HKG will be held. The quota for each event is 8, which will be allotted by balloting.

(vi) Basketball Competition

An open basketball selection contest should be held at each district for the HKG to select teams that meet the eligibility requirements for the HKG and have outstanding performance as representatives of the respective districts in the competition. The quota for men's and women's divisions will be 8 teams each, 2 of which are the best 2 teams in the District Basketball Competition organised by the LCSD with at least 6 members meeting the eligibility requirements for the HKG. The quota for the remaining 6 teams will be allotted by balloting. The winning team will represent the respective district to participate in the HKG. Athletes meeting the eligibility requirements for the HKG should submit the enrolment forms to their districts by the date specified by the respective district.

9. Awards and Scoring System:

- (1) Prizes will be awarded to the Champion, 1st runner-up and 2nd runner-up of each event.
- (2) There will also be the "Overall Champion, 1st and 2nd runners-up" prizes for the athletics competition. These prizes will be awarded to the top 3 districts that have accumulated the highest total points from the athletics competition. The scoring system is set out as follows:

From the Champion to the seventh runner-up of each event, each will score 10, 8, 7, 6, 5, 4, 3, 2 points respectively, i.e. the Champion will score 10 points, the 1st runner-up will score 8 points, ..., the seventh runner-up will score 2 points. The above winners must have played in all play-offs of that event in order to be awarded the points, otherwise no point will be awarded. From the eighth runner-up onwards,

if they have participated in all events of a respective competition, they will score 1 point. The points awarded for the team events will be doubled, i.e. the Champion will score 20 points, the 1st runner-up will score 16 points and so forth. If the participant/participating team is disqualified by the Organiser due to misconduct, no point will be awarded. The top 3 districts accumulating the highest total points will be awarded the Overall Champion, 1st and 2nd runners-up of the athletics competition.

- (3) On top of the above prizes, a prize for the “Overall Champion of the 2nd Hong Kong Games” will also be awarded to the district accumulating the highest total points from all the 6 sports competitions i.e. athletics, table tennis, badminton, basketball, swimming and tennis. The scoring system is set out as follows:

The Champion (i.e. the “Overall Champion” of athletics competition) of a competition will score 10 points, and the first to the seventh runner-up will score 8, 7, 6, 5, 4, 3, 2 points respectively. For those districts that are the eighth runner-up onwards, if they have participated in the sports competition, they will score 1 point. The district accumulating the highest total points from all the 6 sports competitions will be awarded the prize for the “Overall Champion of the 2nd Hong Kong Games” .

- (4) If 2 or more districts accumulated the same points from all the sports competitions, the one that holds more first places will win; and if they hold the same number of first places, the one holding more second places will win. The same method applies until the overall positions are determined. If all the results are the same, the districts involved will be awarded the same position and presented with the same prize.
- (5) The “District with the Greatest Participation in the 2nd Hong Kong Games” prize will be presented to the district that sends the greatest number of athletes to the six sports competitions. The number of athletes means the actual number of participating athletes. (Athletes who have enrolled in the Hong Kong Games must have turned up for the roll call at a match in the Games in order to be counted as an actual participant.)

10. Referee/Umpire:

The Hong Kong Amateur Athletic Association will be invited to render referee/umpire services.

Participants will be notified of the details in due course.
- (2) The Organiser reserves the right to change the date of competition or make any alternative arrangements under special circumstances and notify the participants of the details. Should anything unforeseeable happen during the competition, the referee/umpire on the spot or the Organiser will have the absolute right to decide whether the competition should be suspended and the participants shall not raise objection.
- (3) No application for changing the date of competition by the participants shall be accepted.

If the participant/participating team is disqualified by the Organiser due to misconduct, no point will be awarded. The top 3 districts accumulating the highest total point will be awarded the Overall Champion, 1st and 2nd runners-up of the basketball competition.

The same method applies until the overall positions are determined. If all the results are the same, the districts involved will be awarded the same position and presented with the same prize.
- (5) The “District with the Greatest Participation in the 2nd Hong Kong Games” prize will be presented to the district that sends the greatest number of athletes to the six sports competitions. The number of athletes means the actual number of participating athletes. - (1) Prizes will be awarded to the Champion, 1st runner-up and 2nd runner-up of each event.
- (2) There will also be the "Overall Champion, 1st and 2nd runners-up" prizes for the swimming competition. These prizes will be awarded to the top 3 districts that have accumulated the highest total points from the swimming competition. The scoring system is set out as follows:

From the Champion to the seventh runner-up of each event, each will score 10, 8, 7, 6, 5, 4, 3, 2 points respectively, i.e. the Champion will score 10 points, the 1st runner-up will score 8 points, ..., the seventh runner-up will score 2 points. The above winners must have played in all play-offs of that event in order to be awarded the points, otherwise no point will be awarded. From the eighth runner-up onwards, if they have participated in all events of a respective competition, they will score 1 point. The points awarded for the team events will be doubled, i.e. the Champion will score 20 points, the 1st runner-up will score 16 points and so forth. If the participant/participating team is disqualified by the Organiser due to misconduct, no point will be awarded. The top 3 districts accumulating the highest total point will be awarded the Overall Champion, 1st and 2nd runners-up of the swimming competition.

- (3) On top of the above prizes, a prize for the "Overall Champion of the 2nd Hong Kong Games" will also be awarded to the district accumulating the highest total points from all the 6 sports competitions i.e. athletics, table tennis, badminton, basketball, swimming and tennis. - (4) If 2 or more districts accumulated the same points from all the sports competitions, the one that holds more first places will win; and if they hold the same number of first places, the one holding more second places will win. The same method applies until the overall positions are determined. If all the results are the same, the districts involved will be awarded the same position and presented with the same prize.
- (5) The "District with the Greatest Participation in the 2nd Hong Kong Games" prize will be presented to the district that sends the greatest number of athletes to the six sports competitions. The number of athletes means the actual number of participating athletes.

(Athletes who have enrolled in the Hong Kong Games must have turned up for the roll call at a match in the Games in order to be counted as an actual participant.)

Participants will be notified of the details in due course.
- (2) The Organiser reserves the right to change the date of competition or make any alternative arrangements under special circumstances and notify the participants of the details.
