## 3. Format:

- (1) In the preliminary rounds, a 6-game pro set will be played. When the game reaches 5-All, the set will be won by the player who first reaches 7 games. When the game reaches 6-All, a 7-point Tie-Break will be played. In the semi-finals and final, an 8-game pro set will be played. When the game reaches 7-All, the set will be won by the player who first reaches 9 games. When the game reaches 8-All, a 7-point Tie-Break will be played.
- (2) The “sudden death” rule will be adopted in the tennis competition. When the game reaches 40-All, the player/team who scores first will win the game. The receiver is entitled to choose

the position to receive the service (i.e. to receive the service from the left half or the right half on his/her end of the court). In mixed doubles, under the “sudden death” rule, when a male player serves, the service shall be received by his male counterpart of the other side. When a female player serves, the service shall be received by her female counterpart of the other side. The receiver cannot change position. In other words, the server needs to change his/her serving position according to the position chosen by the receiver.

(3) Individual Events:

- (a) A single knock-out system will be adopted. The 8 highest-ranking athletes on the Hong Kong National Singles Ranking Lists (excluding the National Junior Ranking Lists) of the Hong Kong Tennis Association and the 8 highest-ranking pairs of athletes determined by the sum/average of the total scores will be named as the seeded athletes. Only 4 athletes/pairs of athletes will be named as seeded athletes if there are 17 to 32 athletes/pairs participating in an event. The seeded athletes will then be placed into designated groups under a priority arrangement. The remaining athletes will then be placed into groups by drawing lots.
- (b) For each event, the 2 athletes/2 pairs of athletes of the same district will be placed in the upper and lower groups separately.
- (c) Ranking playoffs will be held for losers in the quarter-finals to compete for the 5th to the 8th positions. A 6-game pro set will be played.

(4) Team Events:

- (a) The order of events for each match will be:
  - First event - Men’s/Women’s Singles
  - Second event - Men’s/Women’s Singles
  - Third event - Men’s/Women’s Doubles
- (b) A single round robin system on a group basis will be adopted in the preliminary rounds. The 18 districts will be divided into 4 groups by drawing lots, with 2 groups of 4 districts and 2 groups of 5 districts. The 4 districts that secured the top 4 positions in an event of the 6th HKG will be named as the seeded teams in the same event of the 7th HKG and placed into 4 different groups. The remaining 14 districts will then be placed into the groups by drawing lots. The 2 districts that come first and second in each group will be qualified for the quarter-finals.
- (c) A match will be won by the team that is the winner of 2 events. For each match in the preliminary rounds, a participating team shall complete 3 events. If 2 districts have won equal number of matches, the result of the match(es) between the 2 districts involved will be used to determine their positions, with the team that has won given a higher position. If more than 2 districts have won equal number of matches, the results of the matches between the districts involved will be taken into account first, (e.g. If 3 districts have won equal number of matches, the result of the match(es) between the 3 districts involved will be used to determine their positions) with the team that has won given a higher position. The team winning the greater number of sets to be given a higher position. If there are still districts winning equal number of sets, the following formula will be applied to determine their positions:

$$\frac{\text{Number of games won (in the respective group)}}{\text{Total number of games (in the respective group)}} \times 100\% = \text{Percentage of games won}$$

In the case of 2 districts obtaining identical “percentage of games won”, the winner will be the district that has won in the previous encounter between the 2 districts. In the case of more than 2 districts obtaining identical “percentage of games won”, the positions will be decided by drawing lots.

- (d) There will be a fixture draw for the 8 teams that are qualified for the quarter-finals. The 4 teams that came first in their groups in the preliminary rounds will be allotted to 4 different matches by drawing lots. Then each match will be allotted a team that came second in the other group in the preliminary round by drawing lots. (To avoid placing teams that previously came first and second in the same group in the preliminary round in a match again, the lot for the team that came second will be taken away before drawing lots for the match with the team that came first in the same group in the preliminary round.) A single knock-out system will be adopted for matches from the quarter-finals to the final.
- (e) The Organiser has the right to make arrangements for multiple matches to take place at the same time.
- (f) For each match, each participant will be allowed to enter 1 event only.
- (g) Ranking playoffs will be held for losers in the quarter-finals to compete for the 5th to the 8th positions under a single knock-out system. A 6-game pro set will be played.
